THE DOLAN LAW FIRM

The Dolan Law Firm exists for one reason—to balance the playing field. We put the “fair” back in “fight.” When people are injured, discriminated against, harassed or denied their civil rights, they often feel powerless. In this day and age, insurance company executives deny valid claims because they feel, with their money and power, that they are above the law. With their unlimited resources, they have come to believe that they can buy an unjust result and deny good people their rights.

The Dolan Law Firm stands in their way. Our firm serves as the great equalizer. Chris Dolan, a magna cum laude graduate of Georgetown University Law Center with a master’s in management as first scholar, has dedicated his entire professional career to one thing: justice for all, not only those who can buy it. All of the lawyers at The Dolan Law Firm have excellent credentials and share this common vision. Professional reviewing associations have given our firm the highest ratings in ethics and ability.

There are dozens of excellent lawyers in Northern California. Many devote their talents to solving the problems of rich and powerful

corporate clients who can afford their steep hourly rates. The Dolan Law Firm represents all people who come to seek justice, standing up to larger firms in the courtroom and winning excellent results for our clients.

We are contingent-fee lawyers. Most people who suffer unlawful harassment or are suddenly injured cannot afford the \$500 plus that some other lawyers may charge per hour. As contingent-fee lawyers, we work without pay until justice is achieved. It is only then that we get paid. We see ourselves as intellectual bounty hunters dedicated to the pursuit of truth and justice in today’s world of denial.

WE PUT THE “FAIR” BACK IN “FIGHT.”

Our commitment to excellence in advocacy is unparalleled. Dolan has been selected as the outstanding Trial Lawyer of the Year for San Francisco (2006), and the State of California (Consumer Attorney of the Year 2006). He received the prestigious California Lawyer of The Year Award from *California Lawyer Magazine*. He is consistently selected in *Northern California Super Lawyers*® and is now listed among the top 100 lawyers

in Northern California. He has some of the largest recorded verdicts in the history of San Francisco, Marin County, Alameda County and California, including a \$60 million verdict for two Arab-Americans who suffered workplace harassment at FedEx Ground.

Our philosophy is simple: Bad things happen to good people. We represent the good people.
